FIRSTLOOKGAMES

Another fruit game...? Yes, but there's so much more than meets the eye here!

Durian Dynamite is a fast paced and explosive experience, with blasting spin speeds, chain reactions of exploding wilds, an interactive shooting wilds feature, a bonus picker, and 3D art that will leave you breathless. Fruit has never tasted better!

Dynamite Wild Feature

The Dynamite Wild is a real fruit fest! This feature will be triggered by any Dynamite Wild landing on the reels. Your goal here is to launch other Dynamite Wilds from your supply onto the reels, to create as many Wilds as possible.

If a Dynamite Wild hits another Dynamite Wild, they will both explode and split into two Wilds each. These split Wilds will land in new positions on the grid. If a split Wild happens to land on an additional Dynamite Wild, this Dynamite Wild will also explode and split into two Wild symbols, which means it's creating a chain reaction. The feature will continue until there are no more explosions on the reels and your Dynamite Wild supply is empty.

Free Spins

When you get 3 Bonus Scatter symbols, you will enter the Free Spins Bonus game! By default, you get 6 free spins, but you can upgrade to more spins in the Bonus Picker.

During the Free Spins Bonus, you're more likely to get Dynamite Wilds on the reels than in the base game, and you can also get extra Dynamite reels in the Bonus Picker.

Bonus Picker

Pick the jar to collect upgrades that you can use in the Free Spins Bonus. The number of upgrades is random, and it can be anything between 3 to 6. You can get the following upgrades:

- Free Spins: Upgrade the number of free spins that you can play (max. 30 extra free spins can be collected).
- Durian Ammo: Get up to 2 extra Durians to be used in the Dynamite Wild feature.
- Dynamite Reels: Upgrade the number of Dynamite reels that are active during the Free Spins Bonus game.

“We announced a new partnership with Soft2Bet in a deal that will see games from our 1X2gaming and Iron Dog Studio brands integrated via the 1X2 Network’s 3PI platform. “Earlier this year we received the Notice of Recognition from the Malta Gaming Authority which is a major milestone in our mission to be one of the most compliant game developers in the market. It’s been a whirlwind start to the year for 1X2 Network and we look forward to continuing the momentum we have built.”

Kevin Reid, said: “Faerie Nights is a charming slot that also offers a number of spellbinding features that give players the chance to win.

“It is the first slot we have built in our 1X2 Plus framework and really is the first of many exciting slots that we plan to launch via 1X2gaming in 2019.

“We are also thrilled that Iron Dog’s Vikings Wild is soon to go on general release following a hugely successful exclusivity period with LeoVegas.”
